

MyKomatsu

Features & Benefits

The Ultimate Solution to Machine Management

MyKomatsu, your all-inclusive Komatsu parts portal, ties your machine operation and health information directly to the parts you need, when you need them- to keep your machines running at maximum efficiency. Gone are the days of tracking and purchasing on two different websites. Forget guessing when it's time for maintenance. Now you can see where the machine is, how it's being operated, when service is needed, and the ability to track parts expense by machine. MyKomatsu provides the perfect tool for machine management on one unified website.

MANAGE WITH EASE

- Navigate the site with ease using any browser on any smartphone, tablet or computer.
- Quickly and Conveniently order the right parts anytime, anywhere.
- View Machine Manuals specific to your machines, or any Komatsu machine.

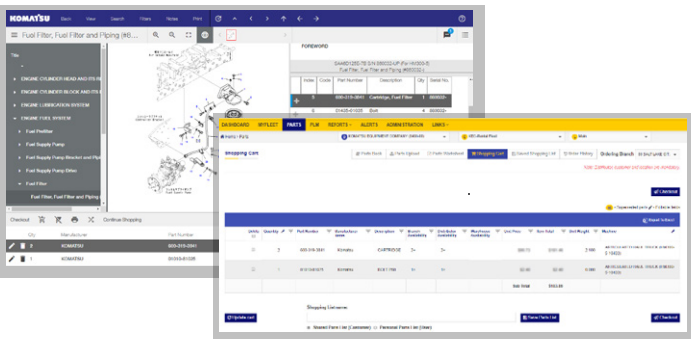

STAY UP-TO-DATE

- Gain early access to promotions for Komatsu genuine parts.
- Learn about Factory Campaigns or important Parts and Service News announcements, specific to your machines.
- View parts availability and pricing information in real time.
- Easily locate all key Distributor contact information for sales, finance, or parts and service support.
- Utilize reporting functions to pull real-time fleet reports, machine-specific reports and alert history reports.

ALERTS, CUSTOMIZED FOR YOU

- Set up custom alerts to be notified when an error code, caution light or maintenance reminder is transmitted.
- Selectively turn on alerts for excessive idle time, engine hours, DPF regenerations and trends.

Integrated Parts Catalogs, Inventory Check, and Order Processing

Manage your machinery with ease!
